Stars of the Week

Fatimah & Ollie	1TK
Rishi & Alice	1JS
Isabelle & Ismaeel	2SJ
Aisha & Aaliyah	2GG
Rehan & Zainab	3JC
Olivia & Ibraheem	3GE
Harry & Kayla	4SP
Zakariya & Anaya	4DL
Hafsa & Shehryar	5DP
Wania & Ibraheem	5CH
Ryan & Oscar	6AP
Alex & Rudra	6AH

This week in 3GE

PIC•COLLAGE

Dates to remember

- Friday 1st October—KS2 trip to the Circus.
- Friday 1st October - National Diversity Day.
- Monday 11th October—Individual photographs
- Thursday 14th October—Year 3 trip to the Whitworth Gallery.
- Monday 18th October—Nasal Flu Vaccinations.
- Friday 22nd October—finish for Half Term.

This week in 3GE, we have been doing lots of art learning as part of our 'That's all, folks!' animation topic. We have been focusing on painting skills: mixing primary colours and adding black and white to colours. Next week, we are going to sketch and paint characters from different animations!

We have also been thinking about democracy this week. We really enjoyed watching the year six head boy and girl videos and voting for our preferred candidates. We also voted for our class school councillors - the candidates prepared and delivered speeches to persuade their classmates!

Reminder regarding Covid-19 testing and isolation requirements.

The 3 main symptoms of Covid-19 are:

- New continuous cough and/or
- Fever (high temperature)
- Loss of or change in normal sense of taste or smell

What should I do if my child develops Covid-19 symptoms, even if they're mild?

You must arrange for them to have a PCR test as soon as possible. Tests can be booked via NHS website ([Coronavirus \(COVID-19\) - NHS \(www.nhs.uk\)](#)) or by contacting NHS 119 via telephone.

Your child must self isolate immediately and not attend school.

Please contact school to inform us that your child has Covid-19 symptoms and you are awaiting a Covid-19 test result.

What should I do if my child has Covid-19 confirmed by PCR test?

Anyone with a positive PCR result must self isolate until the latest of:

- 10 days after the onset of their symptoms, or
- 10 days after their test day if they are asymptomatic (if symptoms develop in this period, the 10 day period starts again from the day symptoms started.)

Please contact the school by phone or email to inform us that your child has Covid-19 confirmed by PCR and send a screenshot of the positive result.

What should I do if my child is a contact of someone with Covid-19?

If your child doesn't have symptoms, they do not need to self isolate. They are advised to have a PCR unless they have tested positive in the last 90 days. They are not required to isolate while awaiting their PCR result. Children aged 5 and under are not advised to take a PCR test unless the confirmed case is someone in their own household. It is also advised to carry out regular Lateral Flow Tests following a negative PCR test as the virus can present some days after the initial contact with the confirmed case.

What should I do if my child has a positive result on a Lateral Flow Test?

They should self isolate immediately and you should arrange a PCR test as soon as possible. Please inform the school of the positive Lateral Flow Test and that you are arranging a PCR test.
