

A warm welcome to Early Years 3D PSHE!

As a prime area of the Early Years Curriculum, PSED (Personal, Social and Emotional Development) is known to be a vital part of Early Learning.

All key areas of the Early Years PSED curriculum are covered in creative and innovative ways within the Early Years Nursery 3D PSHE programme.

Modern British values are embedded, both implicitly and explicitly within the teaching resources, so that, from a very early age, children are being taught the importance of tolerance, democracy, respect and rules and responsibilities.

This is an invaluable resource for any Early Years practitioner, with 16 stories in total, all linked directly to the Development Matters objectives.

The storylines, which are meaningful and relevant to this age group, introduce characters that young children can identify with in order to help teach key messages and skills.

Lily, a likeable but mischievous young lady and her friend, Sam (short for Samir) lead the cast, along with their friends, Kally, Poppy, Yin, Clyde, Ben and Dan. They're all in Miss Barker's nursery class. Centred around their Nursery experiences, their stories are engaging and enjoyable, ultimately leading to lasting learning.

Engaging, practical follow-up activities are suggested on each lesson plan, linked to the stories, and many of the stories can be acted out or used in role play situations. All images come in digital format, along with the lesson plans on CD-ROM.

Early Years Nursery 3D PSHE is a perfect starter on the journey of personal development for any child and the KS1 and KS2 3D PSHE Programmes are ideal for continuing that journey in a planned, progressive way!
